School Board Okays Raises For Employes

Budget Increase, Tax Rise To Pay For Changes

Trustees of the Lemon Grove school district okayed a 1960-61 budget of $1,651,000 Monday night. It contained an increase of $42,000 for personnel of the district. The district employs 234 persons in teaching, administrative, and classified classifications.

The budget was increased $85,000 which will cost taxpayers six cents more on each $100 of assessed valuation. The rate for the coming year will be $1.82, according to Paul Reynolds, school district business manager.

The increase granted to school personnel represents an increase of three per cent. Of the $42,000 in raises, $29,000 will go to teachers, $4,600 to administrators, and $8,400 to classified personnel.

The increases will go into effect at the beginning of the new school year in September, according to Byron Netzley, district superintendent.

Junior High School Principal Robert Sutton asked the board to consider eliminating junior high school graduation exercises sometime in the future. He said that eighth grade ceremonies were appropriate in past generations when education terminated then for most students.

He said other reasons included the fact that graduation practice disrupts classes at a critical period; that parents are put to unusual expense for graduation clothes; that some students go through similar ceremonies at the 6th., 8th., and 9th. grade levels; that the district, now with two junior high schools, is having difficulty housing a combined graduation; that a problem of conflicting dates with high school graduations exists, and that some parents of sixth graders had approved eliminating the ceremonies. Trustee Warren Buckner strongly opposed the change.

Former San Diego Residents Die In Wreckage

Attempt to Land On Abandoned Air Taxi Strip

Two men were killed Saturday when their light plane crashed and burned at La Mesa airport in South Spring Valley.

The airport no longer is being used as a flying field, the runway portion having been sold to Lee Sparks, who is building a trailer park on the site.

The dead men are Ward Holder, 35, the pilot, and Ernest Eagles, 43. Both are former San Diegans. Holder had been scheduled to drive in the auto races Saturday night at Balboa Stadium.

Don Covel, a sailor, and Joe Eaton Jr., co-owner of the airport property, tried to wave off the airplane as it came in for a landing.

They said that the pilot circled the field several times, then attempted a landing on a taxi strip leading to the hangars. After running about 100 feet on the taxi strip, the plane pulled up, just missing the hangar.

It crashed about 100 feet past the hangar and burst into flames. Both men were dead when pulled from the wreckage.

Deputy Coroner Jesse Canale said that Holder had moved to Oxnard about a year ago to manage a lathing firm. Eagles had moved there only a few days ago to work for Holder. He had returned to visit a niece in San Diego.

The flaming crash started a brush fire. Larkin Doyle, an employe of La Presa water company who lives at the airport, cornered the fire by using a bulldozer. Units of the state division of forestry arrived and put out the fire.

Old Helix Lake Eyed For Scenic Proposal

The old Helix lake at the base of Mt. Helix may become part of a picturesque subdivision development.

The possibility arose at last week's meeting of the board of directors of the Helix Irrigation District, which owns the lake but no longer uses it as a reservoir.

A detailed appraisal of the lake property was presented to the board, setting a value of $64,500 on the 21½ acre site. Bruce Stallard, a licensed San Diego land appraiser, was employed to prepare the appraisal to determine the value and best use of the former reservoir site.

In determining the value of the land, Stallard contacted property owners in the area around Helix Lake to determine the local feeling concerning the lake. Property owners agreed that the view of the lake was a strong factor in the location of many of the homes on Mt. Helix and that if the lake were to be filled in or otherwise destroyed there would be a resulting decrease in surrounding property values.

The study indicated that it would be impractical to drain the lake and fill the basin for subdivision purposes as no fill material is available close to the site, making the cost pro-

Growler Cafe Death Knell Is Sounded

SAN DIEGO (CNS)—The death knell for Spring Valley's well known Growler Cafe was sounded Friday before the County Planning Commission, when the commission approved a zone change to permit the building of professional offices on the site.

The fame of the Growler had reached commission ears, for Commissioner Stuart Green, from far-away Del Mar, remarked when owner Bruno Borst appeared that he knew about the cafe.

The commission's staff recommended that Borst's request for commercial zoning be denied, but that he instead be granted zoning for an apartment house.

Borst said he didn't care what kind of zoning he got, so long as he could build some professional offices, which he could "lease out and then sit back and take it easy."

"Will you agree to donate land needed for the widening of the street?" asked Commissioner Gilbert Ray.

"I already agreed when I filed my application," Borst replied.

Ray then made a motion that the commercial zoning be granted to Borst and the adjacent Wylie land. Mrs. Wylie was in the audience and had testified that she did not oppose Borst's request.

The advertising of the Borst hearing had not included adjacent land, Dr. Willis H. Miller, county planning director, said. So Mrs. Wylie was advised that she could file an application of her own if she wanted her property rezoned.

Borst, in telling of his plans, said the building occupied by the Growler was put up more than half a century ago. It has been a landmark in the Spring Valley area for many years.

'Only Dry Land From Now On,' Says Knight

Earl Knight, co-owner of Knight's Market in Lemon Grove, is about convinced that he's a dry-land fisherman from now on.

About a month ago, he and two fishing companions were swamped by waves and their boat sank 12 miles off Pt. Loma. They were rescued by passing boats.

Last Saturday, Knight and two fishing companions were swamped by waves and their boat sank about 10 miles off Pt. Loma. They were rescued by passing boats after about half an hour. The boat later drifted in, relatively undamaged.

And while all this was going on, Knight's son Tommy became the father of a 7 pound, 14 ounce boy named Thomas Wayne Knight. Everyone is doing fine.

Lemon Grove Zone Changes Win Approval

SAN DIEGO (CNS)—Two Lemon Grove zone changes were approved Friday by the County Planning Commission, despite the recommendation of denial made by the commission's staff.

Commercial zoning for land north of Pacific avenue, adjacent to Citrus, Alford, Harris and West avenues, was approved. The request for the rezoning was made by a group headed by W. L. MacQueen. Their application covered almost two acres, but the commission voted to include "adjacent properties." The area is now zoned for apartment houses.

The second zone change was for land on the east side of Vista avenue and both sides of Citrus, south of North avenue. The request was for C-1, but the staff recommended that C zoning, which is more restrictive, be given for only part of the area and the request for the rest be denied. The commission over-ruled the staff and approved C for all the area, including some that had not filed a rezone request.

The staff recommendation to deny a variance to John M. Tangway, to add to his commercial zoning at the southwest corner of Troy and Bancroft streets was followed by the commission.

Tangway's request was also opposed by a group of local residents in the audience. These included Mr. and Mrs. Elmer Mickelsen, Mrs. C. Sonnenburg, Mrs. E. S. Bendall, Mr. and Mrs. H. L. Porter, Mrs. Lottie Freeman, Mrs. R. K. Hood and Mrs. Harry A. Martin.

Those predisposed to taking an occassional nip are playing Russian roulette with their driving privileges under the new, tighter interpretation of the Motor Vehicles Code.

Department of Motor Vehicles director Robert I. McCarthy backed by a State Supreme Court ruling and with the approval of Governor Pat Brown, said that any motorist convicted of drunken driving, as of now, will automatically have his driver's license suspended for a minimum of six months.

For the past three months, the suspension ruling was temporarily held up pending the Supreme Court decision. Drivers convicted of drunkeness had appealed the arbitrary loss of their licenses and many courts had set aside the ruling. During the period of "grace," four times as many suspensions were handed out by judges as a court ruling than before. The rule was invoked first in June of last year.

A shocking total of 14,000 motorists lost their licenses from June until the "holiday." Director McCarthy adds that because the code is strict and concise, there will be no exceptions to the suspension ruling.

Most traffic officers, because they are human and recognize the severity of the penalty, may be inclined to charge some other violation than drunken driving, but there is certainly no assurance that this will be the case.

It is specifically pointed out by the Department of Motor Vehicles, that no license will be suspended unless the motorist is convicted of being a drunk driver by a court. McCarthy says the suspension does not automatically go with an arrest.

LG Fire Department Men Deliver Baby Boy

The Lemon Grove Fire Department delivered its first baby Friday night when Mrs. Rudolph Schmidt, attended by Captain Harry Alexander, Assistant Chief Fred Dixon, and Fireman Robert Adams, gave birth to a baby boy at her home.

The Schmidts live at 6774 Central ave. Dr. Jack Tracy, called by the Department, said the mother and son were doing fine at Sharp Memorial hospital. Schmidt is television technician with Radio Corp. of America. The new baby, named Allen David, arrived 30 days ahead of schedule, according to Allen David's grandmother. He weighed four pounds, three ounces and is the couple's second child.

During the reporting period, the LG Fire Department were called to extinguish a mattress fire in the child's bedroom of R. W. Kehvenherd, 1858 Massachusetts ave. The damage was estimated at $400 by Fire Chief H. O. Hensley.

Fire damaged the residence of F. A. Weber, 1670 El Roy, to the extent of $325 and the residence of A. G. McAllister, 8195 Palm st., suffered $1,500 damage from a fire which started from a bathroom heater.

The greatest damage during the week came from a fire resulting from a cigarette falling in a divan in the home of Lawrence Carmack, 2021 El Prado.

There were also several grass fires during the period. The damage from these was minor.

World Crises Seen As Cause for Defense Classes

The failure of the Summit Conference and the angry words of Khrushchev have stimulated demands for civil defense classes in the Lemon Grove-Spring Valley area, according to the San Diego County civil defense organization.

Walter L. Chandler, training officer, said that the demand for classes usually slacks off in June, "But this year public interest in civil defense has resulted in a continuation of our active winter program."

Chandler added that classes will be held on Tuesdays at Mt. Miguel high school and on Mondays at Helix high. The classes start at 7:30 p.m. and meet once a week for four weeks.

REAL ESTATE STILL SELLING

Real estate sales during May in the Lemon Grove-Spring Valley-La Mesa area increased from April's total of 362 to 397 and the area continues to hold second place throughout the county in terms of total sales, according to Trends, monthly publication of the Union Title Insurance Company.

'Every Alternative Is Costly,' La Mesan Tells Grove Men's Club

Members of the Lemon Grove Men's Club were warned Friday that no matter what course the community may take in selecting a local government, it will be costly.

Lester Freeman. La Mesa city clerk, told the club that "incorporation would bankrupt you, annexation to San Diego would give you needed services but you would pay more for them than you might otherwise, and you can't go on forever as an unincorporated community."

The only logical solution, he hinted, would be annexation to La Mesa.

Broadening the hint considerably, Freeman said that with Lemon Grove's high population count, annexation to La Mesa would give the people here "almost an equal voice" in the city's government.

He cited some figures: The average Lemon Grove property owner paid $312.93 in taxes this year; if Lemon Grove had been part of the city of San Diego, the cost would have been $369.34 and if a part of La Mesa, $361.35.

In answer to questions, Freeman said that the city of La Mesa would absorb the local fire department "and offer them the best retirement system of any city in the state."

He added that "sooner or later it will be necessary to take some step in acquiring local government. What that determination is, is up to you."

Junior High To Graduate 433 Students

Lemon Grove Junior High will graduate 433 eighth graders to high school on Thursday evening, June 16, at the cafeteria area off School Lane. Beginning at 6 p.m., the ceremonies include student speeches, citizenship and scholastic awards, and presentation of the graduates.

Reverend Hardis C. Bakken of the Lemon Grove Lutheran Church will deliver the invocation. Citizenship awards will be made by S. K. Solleder, assistant superintendent; H. W. Buckner will present the Kiwanis award to the outstanding scholar of the class. Byron Netzley, superintendent, will present the 433 graduates, Ray Lange will accept and read the lists, and diplomas will be presented by Robert Sjogren and Bert Cosby.

"Our Freedoms" is the theme for the 1960 graduation ceremonies. Colleen Eastergard of the 8-1 class will introduce the student speakers who will enlarge the theme. These include Christine Prince, 8-5, "Freedom is Priceless;" James Harter, 8-12, "Free Elections and the Secret ballot;" Garmen Feuer, 8-8, "Constitution, Servant or Master;" and Jil Simms, 8-2, "The Demands of Freedom."

Popular Lemon Grove Teacher to Retire

After teaching 34 years in the public schools of Montana and California, Mrs. Hazzel Schwalm plans to retire.

When she locks her classroom door at San Miguel school in Lemon Grove this Friday, she will be saying farewell to thousands of boys and girls she helped educate in this community. She has taught in Lemon Grove since 1936.

Born in Iowa, she attended and graduated from State University of Montana and did graduate work at UCLA and USC. In California she taught at Polson, Dane Valley, Culbertson, and Whittier before joining the local staff. At Whittier she was a junior high instructor when Byron L. Netzley, now superintendent of Lemon Grove school district, was doing his student teaching there at John Muir School.

Active in all phases of professional work, Mrs. Schwalm's main concern in education has been the student in her class. An expert in the area of basic fundamentals, she also stressed the arts, manners, morals, and spiritual values. The Lemon Grove school board, in recognition of her outstanding work, recently passed a resolution of appreciation and commendation to Mrs. Schwalm, pointing out that in her instruction of students of all ages, first grade through high school, she guided, counseled and influenced nearly 800 pupils with standards of excellence.

Mrs. Schwalm is a past president of the Lemon Grove District Teachers Association and it was during her year of leadership that the group became eligible for representation on the California Teachers Association Southern Council. She also was active in curriculum projects and continues to be an active church woman. Last year she was nominated by the Lemon Grove Womens Club Seniors as "Teacher of the Year" from this district.

Several testimonial events already have been staged in Mrs. Schwalm's honor. Among these was a faculty party, sponsored by the San Miguel teachers, at which she received a handsome set of luggage and many, many verbal tributes. At the May 26 meeting of the Lemon Grove District Teachers Association, she was awarded the CTA-SS plaque for meritorious service in the interests of education.

Mrs. Schwalm, who resides at 1570 Drexel Drive in Lemon Grove, plans to travel, to relax in her home and garden, and to ignore the school bell when it rings on Sept. 12 this fall.

Whenever you see a flock of birds, especially black birds, spreading themselves over the surface of a nice green lawn, you should take this as a danger sign.

Birds in great numbers flying down onto a lawn are usually in search of fat, juicy worms and their coming indicates that the worms are there.

As a matter of protection, I recommend treating a lawn with a copper-ether material which is non-injurious to the grass and will immediately go into the soil and destroy any worms that are not visible to the human eye.

Whenever you see yellowish moths flying thickly over the lawn at the dusk of the day, you can be pretty sure that they are the lawn moths laying their eggs, which will hatch into sod web worms in about a week.

Wait a week or 10 days and then treat the lawn with the Copper-ether product I refer to so as to catch the sod worms just as they start to hatch.

"You know, there is one thing that all Scouts like, and that is camping," says John Robinson, Scoutmaster of Troop 171, sponsored by the Trinity Presbyterian Church.

Troop 171 recently scheduled a campout near Boulevard, overlooking the desert. There are plenty of big oak trees at the site and room for practice and skills. Ten boys and four dads arrived about 9 a.m.

The weather was a little on the hot side up there. And no sooner had the group "landed" than someone yelled, "Rattlesnake." Everyone surrounded the reptile, but it made a line for a nearby hole. However, one of the dads was a bit too fast for the rattler and used a Scout shovel to kill the snake.

The following boys attended the campout; Paul Brose, John Robinson, Garnet Pankey, Bill Norton (staff boy), J. Paul Robinson Larry Kuticka, Jim Brady, Frank Pankey, Greg Flow, and Ronnie Moore.

Dads were the Messers Brose, Kuticka, Moore and Robinson.

After the tents were pitched, the fire pits were dug, this being part of the Scouts' requirements for the cooking badge.

Before all the fire pits were dug the group was besieged with more snake, but this time gopher snakes and a bull snake It is common belief that a bull snake can keep rattlers away, and sure enough no more rattlers showed up.

After the noon meal and a rest the group started the traditional hike. There was a choice of two directions for hiking, but the group decided to keep close to the camp and just hiked and explored. They came across a couple of old houses and determined that the last occupants lived there in 1932, as old car licenses were of that vintage. Farther down the canyon they came across an old adobe shack which was quite eroded due to the heavy winds in that area.

It was time to head back to camp which seemed a long way because it was mostly up hill. Soon after supper all were too tired for a camp fire and decided to "hit the sack" early.

Sunday the group held survey activities; the survey being laid out for distance and bearing. The training was good for the boys and they did a fine job, Scoutmaster Robinson reported.

One interesting part of the trip was that three gopher snakes were put in a car before the group headed for home. When they were taken out it was noticed that one snake was missing. The next morning when the owner of the car started to turn the ignition key the snake poked its head out from under the dash board. The snake was taken to the zoo.

The U.S. Naval Amphibious Base at Coronado has been selected as the site for the Explorer Jubilee Field Day, July 23, according to Jim Langston, event general chairman of the San Diego Boy Scout Council.

All Explorers throughout the Council should be encouraged to plan now to attend and earn their Golden Jubilee emblem, Langston, said. He said that details on time and activities soon will be mailed out.

Activity plans are being built around competitive aquatic events such as sailing, swimming and water safety.

"This event on a Council basis will give Explorers a chance to feel part of Scouting's 50th anniversary outdoor activities," chairman Langston said.

In seeing today's (June 9) L. G. Review I was quite impressed by the front page relating the correction of spelling on the Little League Sign.

For some time, I've looked at, and wondered, if it is intended to be so, on the beautiful white trash containers in our wonderful Lemon Grove. "Complements of the Lions Club." The dictionary defines "complements." . . . that which completes or that which is required to supply a deficiency.

Compliments is defined as . . . a ceremonious expression of approbation, civility or admiration, a complimentary gift.

Now . . . which do you think they intended to decorate the trash containers?

Sincerely,
Mrs. Fred L. Johnson

May I enjoy the courtesy of your columns in order to offer sincere congratulations to all thoughtful property owners whose vigilant NO votes staved off still higher taxation in this tax-ridden La Mesa-Spring Valley School District?

Perhaps the Trustees will now try even harder to curb the wanton expenditure proposals of the district administrators. The salaries of these non-teaching employees, ranging up to $18,000 and more, remove them from the economic plight of all those homeowners who are hard pressed to make both ends meet.

Perhaps the Trustees will interpret the reverberating NO votes as emphasising the fact that every cent of additional taxation on homes is an additional nail in the coffin of local enterprise.

Perhaps the resounding **"We've Had Enough of Your Socialistic Scourge"** will not pass unnoticed. Perhaps, at long last, the said employees will turn their minds away from Wanton waste, towards economy. However, the lesson of my ten years in the District is that the only response we can expect from rapacious taxgrinders will be the usual threats, such as double sessions. If such threats of reprisal are heard, our sensible remedy would be to get rid of all of the irresponsible trustees and employees who are unable to accept common sense and public opinion as their guide.

Once again, congratulations to all homeowners on a well earned release from the proposed immediate and heavy additional taxation on their hard earned savings.

William J. Miller.

Another school year is nearing completion and on behalf of the student body and faculty, I want to thank you for your part in making it a successful one. Your paper consistently supported our various departments and activities throughout the year.

The recognition you give our students by publishing honor rolls, special awards, etc. does much to build enthusiasm and interest. The pictures and feature stories regarding our Uniform Drive I am sure helped us achieve our $5,000 goal in record time.

We look forward to next year and a continuance of this fine relationship.

hibitive.

In the light of his findings, Stallard determined that the property could be put to its highest and best use as a subdivision development incorporating the lake, somewhat reduced in size, as a part of the development. Approximately eight homesites could be developed around the lake shore.

The cost of maintenance of the lake was estimated at $6,436 yearly for water, pumping charges and weed and rodent control. As this cost would be too large to be borne by the eight lots fronting on the lake, Stallard suggested that an association of the 30 or 40 surrounding property owners be formed to share the cost of maintaining the lake. It was his opinion that it would be less expensive for property owners to contribute to the maintenance costs than suffer a loss in property value which might result if the lake were eliminated.

The land was valued at $3,000 per acre if the property were developed as suggested.

Representatives of the Mt. Helix-Grossmont Improvement Association who attended the meeting stated that the appraisal accurately stated the feelings of the adjoining property owners and that they would present the suggestion to the Association.

Helix directors are studying the appraisal along with possible other plans for use of the property.

Campo Road Decision Due July 5

SAN DIEGO (CNS)—A decision on whether or not to drop the Campo road improvement project was put off to July 5 at last Wednesday's session of the County Board of Supervisors.

Property owners formerly favoring the road widening and drainage work registered protests with Supervisors over the amount of assessment. Some assessments will run as high as $66.53 per front foot.

Efforts have been made for several months to persuade Supervisors to use county funds for the drainage structures in part of the improvement, thus reducing the heaviest assessments.

The Board previously asked the county counsel's office for an opinion on whether gas tax funds could be used. The opinion was that they couldn't, so the aid would have to come from the general fund.

Supervisor De Graff Austin Wednesday warned those opposing the assessments that the state aid now promised might be dropped, so that Campo road might never be improved.

The state has agreed to pay up to $95,000 of the total cost, now estimated at $320,858. The county is contributing $13,500 toward the project, leaving $212,358 to be paid by property owners through formation of a 1911 improvement act district.

A number of property owners were present at the Wednesday hearing on assessments. Among those who spoke were Gilbert Ray, Dr. Earl Richmond, Ralph McJunkins, Paul Riggs, C. R. Grable, Sid Kent and Frank Skedel.

Assessments were put at amounts from $7.23 to $66.54 per front foot, depending upon the work to be done and the benefit to be derived. The area, from just west of Kenora to Granada avenue, was divided into six assessment districts.

When the county showed no disposition to share the cost, formal protests were filed by Ray, Kent, Skedel, Riggs and Natalie Farr.

Dairy Moves From Valley

The Spring Valley Dairy on Sweetwater Ave. directly across from Mt. Miguel high school, has moved its 250 cows and equipment to Escondido, according to word from Peter De Graaf, owner of the 30 acres of land on which the dairy was located.

Owner of the dairy is Joe Kesting. The Spring Valley Dairy was constructed in 1940 and started operating in 1943. De Graaf said he doesn't know at present what he will do with the land.

A beltline freeway is planned to go somewhere near the property, but nearer Mt. Miguel high school, De Graaf said.

Father's Day is officially 50 years old this year, but the tradition of paying tribute to Dad is far more ancient than that.

Today, the family goes to the haberdashery, delicatessen or spirits store for a purchase to show Dad the esteem, appreciation, and heartfelt warmth that is ever present within the family's breast.

Whether the gift is charged to him, or comes from money supplied by Dear Old Dad himself, is beside the point. The main thing is that the feeling, often subdued for 364 days, comes alive each year on the third Sunday in June.

A clay tablet, written by Elmesu, a Babylonian, about 2,000 years before Christ, is probably the forerunner of all Father's Day greetings. The tablet implored the gods to grant his father good health and enduring days.

While Dad may be King in America (for one day, anyway) in some parts of the world he could stand a little recognition.

On Palau Island in the South Seas, for example, the ruling matriarch can have any male executed if he even disturbs her contemplation.

And near Sumatra, Dad has to live with his wife's family; children take their mother's name - - and only daughters inherit property.

In India, Dad's in even worse shape. If he goes into debt, Mother can sell him into slavery to pay off his creditors. And in the African Sudan, Mother may return to her parents after bearing five children — leaving Father to look after the little ones.

Fathers were not always low men on the totem pole, though.

Back in ancient Greece, an annual festival honoring Zeus, father of the gods, was held annually. Zeus was also patron of human fathers, and dutiful sons gave their Dads the traditional gift - - a cluster of ripe grapes.

Probably the champion father of all time was Emperor Mulai Ismail of Morocco, who died in 1927 at the age of 81, leaving 548 sons and 340 daughters. He had 300 wives and 700 concubines.

Setting aside a day to honor fathers by way of gifts, church services, and family gatherings originated independently in different parts of the country and in different years. Different days were chosen before there came to be general agreement on the third Sunday in June.

The credit for making the first suggestion of a Father's Day belongs to Mrs. John Bruce Dodd of Spokane, Washington. The idea came to Mrs. Dodd in 1909 as a suitable tribute to her own father who had successfully reared a family of children after the death of their mother.

Mrs. Dodd took her plan to a preacher. A resolution was drawn up a year later and on June 10, 1910, the first known Father's Day was observed in Spokane, sponsored by the Spokane Ministerial Association and the Y.M.C.A.

The first observance of truly national proportions was in 1922 on the third Sunday in June and has continued on that day ever since.

We have chosen a sentimental greeting from Rust Craft cards for a greeting this year. It goes:

You do so very much for others,
In a way that really counts,
And give your time and patience
In such generous amounts,
That on special days like this one,
When we're wishing things for you,
We always wish the very best,
For nothing else would do!

HOT PICNIC—Members of the Lemon Grove Junior Women's Club held a "protest" picnic late last week on a site which has been scheduled for conversion into a park, but still is a dusty, lemon tree-covered orchard. Adjoining the park site, at the corner of Washington and Alton streets, is the site owned by the Lemon Grove Swimming Pool Assn., also undeveloped. The club ladies picnicked there on the barren site to point up the meeting scheduled for Monday evening at Lemon Grove Junior High School, at which it is hoped that a recreation plan for the community will be worked out. Slated to attend the meeting are the Lemon Grove Coordinating Council, the Swimming Pool Assn., the Young Center Control Board and the Taxpayers Assn. — Staff Photo

Awards were presented by teachers from these departments and by Robert Sutton, Hal Brogan, and Al Lantz of the administration.

"A" Honor Roll winners were James Arsenault, Clara Folk, and Donald Lawrence, eighth graders, and Suzanne Britt, Darrell Cohen, Richard Combs, Kathleen Dittamore, Jacqueline Jackson, Sheryl and Karen Sjogren, all seventh graders.

Gold citizenship awards went to Michael Arms, James Arsenault, Nancy Berger, Clara Folk, Robert Garcia, Judy Grubb, Diane Luitjens, Christine Prince, Kathleen Riley, Jil Simms, and David Willoughby of the eighth grade, and Sandra Beardsley, Darrel Cohen, Richard Combs, Constance Gruver, Janis Kogan, Michael Lybrand, Marjorie Mukai, Sheryl Paterson, Judy Scott, Eldon Taft and Michael Webb, seventh graders.

Trinity Pastor Replaced by Chaplain Son

Paul Hilgendorf, after 20 years in the pulpit, has resigned as pastor of Trinity Lutheran Church in Encanto. His son, Paul Jr., a chaplain in the navy, was installed last Sunday as his replacement.

The elder Hilgendorf will serve the congregation as assistant pastor.

He came here from Oregon in 1940 and has served as pastor of the church continuously since that time. The church was forced from its former location on F street by the construction of the Highway 94 freeway and built anew in the Encanto area.

The new church was dedicated in December, 1959, and has a seating capacity of 500 persons.

LET US ALL PRAY TOGETHER AS A FAMILY

"The preaching of the cross is to them that perish foolishness; but unto us which are saved it is the power of God." I Cor. 1:18. It is not our community standing or self estimate that determines whether or not we are a child of God; it is our attitude toward the cross of Christ. What is your attitude?

Mrs. Dwight Putnam, president of the Mount Miguel PTA, presents a check for a darkroom within the journalism department at the local school to Melvin C. Grant, principal, and June Mott, journalism advisor.

PTA Gives High School Funds for Dark Room

The Mt. Miguel high school PTA has given the school's journalism department $500 to build and outfit a photographic darkroom.

The gift brought to $1,175 the total that the PTA has given to the school for various projects during the year.

Exchange students profited by $125 donated to the Miguel International Club. But two departments that were recipients of the lion's share of the gifts were the Associated Student Body, which was given $500 to help cover the cost of stadium bleachers and a football time clock, and the journalism department, which received the $500 for a darkroom.

But the PTA didn't stop there. $50 was given to the new PTA units at El Capitan and Granite Hills high schools.

The needy at Christmas weren't forgotten either. In addition, a perpetual fund is always available for any needy student who requires help.

This year, as in other years, the PTA sponsored the giving of over 5,000 polio shots to the residents of Lemon Grove and Spring Valley.

Trinity Presbyterian

Services will be held at 9 and 10:30 a.m. at Trinity Presbyterian Church at 3902 Kenwood Drive, Spring Valley, this Sunday. Assisting the Rev. Keith A. Mitchell in the services will be two fathers, Robert Bennett and Hans Neyndorff, who will speak on "What it Means to be a Christian Father."

With the approach of summer there will be some changes in the youth fellowship schedule. Senior Highs will continue to meet occasionally on Sunday evening. On the 19th they are planning a potluck picnic at Eucalyptus Park. The Teen-Eights and Seveners are switching their meeting night to Wednesday, every other week, beginning June 22. The Niner Fellowship plans a beach party on Saturday, the 18th.

Youth choirs will not be meeting during the summer.

James Wallace is the new organist at Trinity, taking the place of Mrs. Virginia McBurney who has served for the past two years.

The Clipper Club will have a Fleet Meeting this Saturday at which time they will bring food and clothing for the Casa de Todos Mission in Tijuana.

The Women's Association will have it's regular luncheon meeting at noon on June 21. The Rev. Joseph Easter of the Elsinore Presbyterian church will speak on racial discrimination in the town of Elsinore and what the church did about it.

SV First Baptist

"A Father's Failure" will be Rev. Roland Taylor's text at the Sunday 8 and 11 a.m. services. In the evening he will be speaking on "The Call of the Upper Road."

The Men's Council will meet Friday at 6:30 for the regular monthly dinner and meeting. Rev. W. T. Hathaway, a member of the church and former pastor of the Broadway Baptist Church, will be guest speaker.

The "kickoff" parade for the Vacation Bible School will be held Saturday, starting at 9:30 a.m. Participants will assemble at Valencia and Central. The parade will be routed east on Valencia until it reaches Lemon, then west on Lemon to Bancroft and north on Bancroft to Valencia, where it will disassemble.

The Vacation Bible School, for children of all ages, will begin Monday at 9 a.m. For full particulars call Mrs. Warren (Thelma) Lewis, Ho 6-6747.

CHAMBER TO SEPARATE L.G. POLICE PATROL OPERATIONS

The Lemon Grove Chamber of Commerce board of directors has voted to put the Merchants' Police Patrol on an independent basis in order to overcome a deficit operational problem.

Patrolman Hal Johnston will be separated effective July 1, reported Chamber President Larry Folda. Members pointed out that Johnston's services were capable and efficient, and recommended that present users continue with the patrol service.

"We're simply trying to collect for too many things," Merchants' Patrol chairman Milt Austin said.

The chamber heard a report on the Las Vegas Holiday for Two promotion by which the chamber expects to raise funds to meet its 1960 budget. The contest has raised about $300 so far. $4,000 is expected according to Bob Vaught, committee chairman. Contest winners will spend three days, all expenses paid, at Hotel Sahara in Las Vegas. Western Airlines is supplying the transportation. $50 a day spending ing money will also go to the winner.

At the same time a store window poster contest on the event is being conducted. Prizes include a membership in the chamber and gifts of champagne, the latter being contributed also by Western Airlines.

The board heard a report on merchants' division projects by Skip Degenhart. He outlined a plan by which local business firms would have a chance to take part in a five-phase program. These are: 1. promotional 2. legislative 3. community development 4. educational, and 5. better business. Letters are going out to member merchants this week inviting them to participate, he said. He said that all future promotions would be prepared.

Board member George Scott said that he had a crew of shoppers in the Lemon Grove area recently. "We wanted to know how stiff competition is going to be," he said "Business firms in Lemon Grove proved to have a surprisingly complete selection of merchandise and are more competitive that I suspected."

"It's too bad your merchants don't recognize their own strength" (for attracting and keeping patronage) Scott said. Scott is president of Walker Scott, major department store in the college Grove Center which is scheduled to open next month.

Scott also revealed that he "shook down those rascals" for $3,000 for a new sign for Lemon Grove "if the merchants indicate they want it." He took the action when the chamber complained that a tenant of the College Grove Shopping Center had placed a larger sign in front of the present one indicating the L. G. business district. Scott supplied the funds for the original sign, also.

The chamber decided to sponsor a visit to College Grove for local business people. Date is to be announced by Degenhart.

"Maybe our business firms will begin to realize the potential offered by the new center drawing people into Lemon Grove," President Folda said.

LEMON GROVE REVIEW

Two of the newly-elected officers of the Lemon Grove-Spring Valley and La Mesa Branch of the American National Red Cross are Mrs. Russell Branyan, left, vice chairman for Spring Valley, and Mrs. Dennis McLaughlin, right, vice chairman for Lemon Grove. R. B. James, center, was the induction officer.

Lemon Grove, Spring Valley Red Cross Chiefs Named

The officers for 1960-'61 of the Lemon Grove-Spring Valley and La Mesa Branch of the American National Red Cross were elected and inducted into office last Thursday afternoon. Inductions officer was R. B. James, chairman of the County Coordinating Center of the Red Cross. The ceremonies were held at a luncheon at Rose Hedge Manor. Mrs. Dennis McLaughlin of 1339 Cornwall was selected as vice chairman for Lemon Grove, and Mrs. Russell Bryan, 9066 Valencia, Spring Valley, as vice chairman for Spring Valley.

Selected as branch chairman was Richard Cosgriff, 7188 Colony, La Mesa, secretary, Mrs. Robert E. Robertson, 8811 Jefferson, La Mesa, and treasurer, Col. E. C. Kelton, USA ret.

In his induction talk Mr. James charged the new officers to do those things that are necessary, not to the Red Cross or for the Red Cross, but to do them for the community, and wherever the services of the Red Cross are necessary that is where they should be. He likened the Government of the United States to a big house, and the Red Cross to the housekeeper of that big home. "The officers of the Red Cross must keep the house and keep the things within that house moving" he said. "When the children of that big home need medicines, care, hospitalization, or rescue from flood and disaster, the Red Cross administers the same as the mother of the home. When clothing, food, and sleeping quarters are needed, it is the Red Cross who finds them for the home's distressed inmates. There is a constant challenge being given to the Red Cross by the terrifying events that come to the world, but you representing the Red Cross also represent a movement, a world movement that will move the world."

Announcement was made that this month the U.S. Navy will send a dry dock to Chile for the Chilean Navy, and it would be loaded with clothing and food for the destitute Chileans.

We Don't Often Make Mistakes But When We Do, They're Dillies

(Editor's Note: We pride ourselves on the accuracy of the stories in our newspaper. And, like the man says, we don't often make mistakes—but when we do, they're dillies.

(Last week we ran a long story listing Mt. Miguel high school recipients of scholarships to various colleges. In the list were the names of Denise Johnson and Richard Johnson. Somehow in putting the story together we got the information about the two awards shuffled together like playing cards.

(Here, then, is the way that part of the story should have read.)

—o—

Denise Johnson, daughter of Mr. and Mrs. R. H. Johnson of 1400 Skyline Drive, Lemon Grove; from Lemon Grove Women's Club. She will attend San Diego State College and become a nurse.

Richard Johnson, son of Mr and Mrs. H. R. Johnson of 2046 Dayton Drive, Lemon Grove: the scholarship is a National Merit Scholarship from Ryan Aircraft. Richard will attend UCLA and major in math.

A junior shopping center representing an investment of $750,000 will be built on a four acre tract in Lemon Grove at the southwest corner of Broadway and Washington, according to Tye Tyson, a San Diego developer.

Tyson said the property, which extends 420 feet in length opposite St. John of the Cross Catholic church, will house 11 retail outlets on the Broadway side and 28 medical and professional offices on two levels on the Golden ave. side. Parking will be provided between the two banks of buildings. Retail sales in the center is expected to top a million dollars annually, he said.

Other shops will include a service station, muffler shop, furniture store, a dress shop, an infants' wear shop, a dry cleaner and two other service stores. stores.

The bank of offices will be available to doctors and dentists on the Golden ave. level. Law and insurance offices will be built on another level adjacent to the parking lot.

Blisters Halt Attack on Bowling Record

By Bill Ott Jr.

Dr. Neill V. Barton started bowling at 10 a.m. Sunday, June 5, at the Lemon Grove Bowlero in an attempt to break the 1,018 consecutive games bowled record held by Don Anderson of Reno, Nevada, but after 276 games, 18 hours later, at 4 a.m. Monday, Dr. Barton was forced to halt his assault on the record because of a swollen blistery hand.

Barton's overall average for the 276 games was 136.18, with 190 being his best game and 76 the lowest.

Anderson's time for his record was 112 hours, and Barton was 9.6 hours ahead of schedule when he stopped.

Barton, a former Spring Valley resident, now residing in San Diego, supports a 175 average during his regular bowling.

It was estimated that Barton handled approximately 60 tons of bowling balls during his efforts.

When asked if he would attempt the record feat again, he said he didn't think he would.

A 10 minute-per-hour break was the only time allowed him to rest and eat.

Statistics reveal many things, but first, they must be intelligently gathered and then fairly studied.

On the Map

Publication of a map containing statistics and information about Spring Valley is expected next month, according to Betty Robinson, Chamber of Commerce Roads Committee Chairman. Meet the Neighbors

Meet Charlotte and M. N. Haney, who have lived in Spring Valley Estates for the past year.

Charlotte was born in Sacramento, and has lived in San Diego for 15 years. She was third vice president and membership chairman for the Avondale P-TA, has helped with the school Family Day, cake and gift sale, baby sitting at P-TA meetings and the sixth grade party.

M. N., as he's known to all, was born in Oklahoma, has lived in San Diego for 25 years. He works for Rohr Aircraft and part time at Miller's Dairy.

He and Charlotte like to bowl, watch their son Mike, 12, in his quarter midget racer, playing ball in the Little League, or getting ready for a Boy Scout meeting. They are equally proud of their daughter Marlene, 10, who just flew up from Brownie to Girl Scout, and son Steve, who is 19 months, even though he hasn't joined a thing yet.

It won't take him long though, for when you're fortunate enough to be born into a family so eager to participate and help in community activities, interest awakens early.
